Dear valued friend,

NAWIC Chapter #96 recognizes that we have been living in a unique period for almost a year, one that has caused pain and strife for many. The deep uncertainty our world faces makes it easy to feel overwhelmed and out of control. But our Board of Directors and members know that you are resilient and hope that you've continued to feel strength and safety.

Currently, our chapter is facing a few challenges. We hope to serve our community and members as best as we can, but we've had to put many events and other fundraising efforts on hold. Our chapter is doing everything we can to sustain operations in order to provide members and friends with our organization's resources.

Our community needs us, and we need you. February is only a few weeks away, and the future has never felt so unpredictable, which is why our most popular and notable event, Block Kids, has been canceled. We're deeply saddened that we won't be able to share this experience with you and all the young, brilliant students.

We know you have volunteered and/or contributed to this vital event in the past, which provides funds needed to support our annual scholarship. This scholarship rewards students who are entering a construction-related program. Because of the event's suspension, our chapter is seeking donations to continue providing academic funds to students and promoting careers in construction.

For those who can, we ask that you consider sharing a gift. Your company and its generosity will be promoted on our NAWIC chapter website, our social media channels, and via the monthly email newsletter.

For recognition on our website, social media, and email newsletter, please email your logo to lmassimini@nickle.email.

As this has been a very difficult year for many, there are other ways to contribute to NAWIC if monetary donations are impractical. You're welcome to advocate for us by sharing NAWIC's mission with others via email, social media, or even casual conversation.

Thank you for being part of our community and for your continued support. Stay safe and well.

Sincerely,

NAWIC Chapter #96 Board of Directors
