Chapter Committee Reports

Block Kids

Noah Weston, a 4th grader from Cedar Lane Elementary School, won our chapter's Block Kids Competition. His project moved on to the regional competition, which included more than 300 projects from students in the Northeast. We're happy to announce that Noah's project was the winner of the regional competition as well. It will now move on to the national level and the winner will be announced in just a few weeks.

Industry Appreciation

Thank you to all members, family, friends, and co-workers who joined our chapter for the annual Industry Appreciation Dinner on Tuesday, May 14. We recognized the chapter's Block Kids winner, awarded our chapter scholarship, and hosted guest speaker Stephanie Stone. Stephanie is the Regional Product Development Manager for United Rentals. Scholarship

This year's committee was able to award two \$1,000 scholarships to students in a construction-related field of study. The first was awarded to Mary Beth Robbins, who has been a winner of the chapter scholarship since 2016 and is currently wrapping up semester finals at the University of Tennessee where she is studying architecture. The second scholarship was awarded to Gabriella Morelli, who is graduating from Delmar High School. She hasn't selected which university she's going to yet, however, she's been accepted to Louisiana State University and is looking to study architecture.

Stephanie Stone of United Rentals spoke at our annual Industry Appreciation night.

Block Kids Competition winner Noah Weston poses with Chapter President Cheryl Fearn and member Sallie Ann Conner.
