COMMITTEE REPORTS

Health & Safety Committee - Leah Curran

NAWIC's Safety & Health Awareness Committee is pleased to offer the Safety Excellence Awards to highlight member companies that recognize safety as a corporate value and commitment. The means of achieving this include employee training, management committee initiatives, and program innovation. The application is reviewed by our chapter. The top three chapter winners are submitted to the Regional Safety & Health Committee Chair. Regional winners are then submitted to the National Safety & Health Committee Chair for final scoring.

The application is newly designed and restructured for more consistent and fair scoring. All Chapter #96 members should have received an email with an application attached earlier this month. Applications are due to Leah Curran at lcurren@trisupplyandequipment.com by Friday, February 5. Please contact Leah if you have any questions.
